This one of the most beautiful private islands in the

Mediterranean. Tagomago is situated approximately 900 metres off the coast of the jet set island of Ibiza. It can be reached very easily by boat or helicopter. The busy cosmopolitan town of Ibiza and the international airport are only a few minutes by car away from the nearest port.

The 600.000 square metres green island of Tagomago is pervaded by idyllic country pathways. On the west coast there is its own private jetty and mooring. This place offers excellent possibilities for water sports of all kinds. The beautiful beaches and turquoise waters of Formentera can be reached by motor yacht in less than 30 minutes.

The only mansion on the island is situated right in the middle and has 5 double bedrooms with bathrooms en suite. All rooms are modern and trendy and were decorated by internationally well-known interior designers. The quality and technical equipment of the property is very sophisticated and of the highest standard (for example SONOS- Media-System and modern Samsung-TV, Internet with WiFi, LED light system).

The entire estate is surrounded by magnificently spacious terraces with breath taking views in all directions, such as the island of Ibiza, the Mediterranean sea or the swimming pool. The Jacuzzi is also located on the vast pool terrace. The terraces in general have been furnished in a very modern, chill out style. There is also separate accommodation for the staff. Tagomago guarantees pure leisure!

The private island of Tagomago can be leased on a weekly basis or for events.-
