The property is equipped with a alarm system, aerodynamic underfloor heating and central air conditioning that offers safety and comfort and makes it a wonderful home that can be enjoyed all year round. The villa consists of three levels. The main houses the large open living room, next to it, the dining room, pantry and fully equipped kitchen. From the living room, you have direct access to a large partially covered outdoor terrace with an infinity pool overlooking the beautiful Es Vedra. As we climb to the first level, we will be impressed by the two large bedrooms, also with direct access from the terrace and with the same incredible view of the sea and Es Vedra. When going down to the basement, we will find a room that can be used for the staff of the house, a cellar and a fifth double room with bathroom and direct access to the beautiful garden. The outdoor areas are perfect for relaxing and enjoying the Mediterranean climate. You can take a good dip in the sandy pool, or relax on a sun lounger under the palm trees, or you can enjoy a barbecue dinner with friends and family in the outdoor dining/barbecue area.
